

MURGUIA LEADS MEXICAN REVOLT

One-Time Carranzista Is Directing Plans for New Uprising

SAN ANTONIO, Texas, Aug. 29.—General Francisco Murguía, one-time military leader in Mexico under Carranza, is somewhere in the state of Coahuila, Mexico, today, directing the mobilization of troops for a revolt against President Obregon, according to official reports here today.

General Murguía entered Mexico last Wednesday near Brownsville with a number of exiled Carranzista military leaders, where he placed himself at the head of 500 men and started the long march for Coahuila. This report was confirmed by General Murguía's wife.

Unconfirmed reports tell of a united force of anti-Obregonistas who have been prominently mentioned in connection with the numerous demonstrations in Mexico since Obregon came into power with pledges of support to Murguía. Among the leaders named are: General Carlos Green, in the state of Chihuahua; General Juan Carranza, in Sonora; General Manuel Lloraga, and Col. Leon Martinez of Huasteca, who are also reported to be marching into the Tampico oil fields at the head of a force of 350 men; and General Francisco Cardenas of Nayarit, who is reported to be in command of 500 men.

A large area of western Finland is to be supplied with electricity by a combined water and steam power plant.

Camping Supplies.

A great many people are still planning vacation trips, and especially those who are not going very far from home, just taking a week or more in camp. With a little planning all of the supplies may be purchased at home and carried with the camping outfit. This will avoid the unpleasant experience of being without "something to eat" when camp is reached after a day's hiking, fishing and the like. This plan will also afford varying menus, which is much to be desired.

Supplies for Week for Party of Six.
 5 pounds coffee
 6 pounds sugar
 4 pounds butter
 1 pt. salad oil
 3 lbs. beans
 2 lbs. prunes
 2 lbs. cornmeal
 2 lbs. rice
 1 lb. dried beef
 1 pk. cornstarch
 1 small box pepper
 1-lb. can molasses
 1 lb. potatoes

AUGUST PERMIT NUMBER BIG

Valuations Total But \$650,000 as Residences Are in Majority.

Although the money total represented by the building permits issued during the month of August will probably be below normal, the number of permits will be probably up to the average. And Frank C. Walker, building inspector, says in the month's total a most encouraging trend of business.

There have been no large permits issued, Walker said, virtually all of them being for small residences. This is an indication of a healthful business condition in that everybody is spending money, even though it be a comparatively small amount. There are many small homes, residences costing between \$2,000 and \$3,000 that are going up all over Tulsa.

With but two more days in the month, the permits for August have totaled thus far a little less than \$650,000.

Did Royalty Stop at Little Arkansas Town?

Special to This World.
 RUSSELLVILLE, Ark., Aug. 29.—People at the little summer resort of Ryzenan, 27 miles north of Russellville, on the Jefferson highway, are wondering whether they may have entertained royalty unaware the past week. Last week a car stopped for dinner at the hotel there and the travelers, three men, believed as from Oxford, England, came was a count, according to the entry in the register. Another car contained two Japanese, who registered from Tokyo, Japan.

Shoppers Want to See Jewell.
 TOPEKA, Kan., Aug. 29.—Striking shopmen at this point are endeavoring to have R. M. Jewell, head of the strikers, come to Topeka September 3 and deliver an address. Jewell speaks in Kansas City, Mo., Thursday of this week and has given local union officials assurance that if he can spare the time, he will come to Topeka, according to Al Norris of the machinists' union.

Texas Miners Back to Work.
 FORT WORTH, Texas, Aug. 29.—The strike of Texas coal miners has been settled and union miners are back at work, except in mines which have been declared open shop, it was announced today. Approximately 500 men returned to the shafts and the mines are now operating at full capacity daily.

Gone—that three-times-a-day-in-the-dish-pan-look

Lux leaves your china spotlessly clean and does not redden or coarsen hands

YOU wouldn't use a strong, alkaline soap on your fine silks. Don't use it on your hands. They are as sensitive as the most delicate silk to harsh soap.

Lux contains no free alkali or any other ingredient that would harm your skin. Three times a day you can wash dishes in the gentle Lux suds without ruining your hands.

Women themselves discovered this use for Lux. Women who for years had been getting such satisfaction from Lux for silks and woollens tried it for washing dishes.

Thousands of letters have come in to us saying that Lux suds leave your china beautifully clean and at no cost to your hands, and asking us why we never mentioned it. Start today using Lux for your dishes. Lever Bros. Co., Cambridge, Mass.

Just a tablespoon to a pan. A single package does 44 dish-washings—all the dishes for more than two weeks.

LUX

FOR WASHING DISHES

Lux leaves your glassware sparkling without a trace of soapy film—your silver lustrous, your china spotlessly clean.

Start Your Training

SEPTEMBER 4th or 5th

If you expect to study medicine, attend the best medical school you can find; if you expect to study dentistry, attend the best dental school you can find; and if you expect to study BUSINESS, attend the best business school you can find. If you live in Tulsa, you can very easily learn of the advantages of the TULSA BUSINESS COLLEGE and why it is the best commercial school for you to attend.

A DOZEN IMPORTANT ADVANTAGES

This school has operated under the same name for the past twenty-two years.

It has been under the same management for the past sixteen years.

It occupies considerably more floor space than any other business college in eastern Oklahoma.

It is by far the best equipped college in the state.

It offers standard courses of study which are endorsed by the National Association of Accredited Commercial Schools and approved by the United States Bureau of Education.

It employs unusually well-trained and experienced teachers.

Its rooms are unusually well lighted and ventilated.

Its quarters are exceptionally clean and sanitary. The entire school has just been newly painted and decorated from top to bottom.

It has considerably more graduates than any other private commercial school in this section of the country, and is much better known both locally and nationally than any other in Tulsa.

It has an unusually good reputation for prompt payment of debts, for thoroughness of work, for honest dealing with its students and with the public.

It uses modern methods of teaching and can and does train students thoroughly in as short a time as is possible to do so.

It accepts as students only those of good moral character and each student is required to give references.

Its management has an extensive acquaintance among the business men and especially among the office employers throughout this section of the country, which gives it a distinct advantage in placing its graduates.

School Will Be Closed All This Week While the Painters and Decorators Are Getting Things in Shape for the Fall Term, Which Starts September 4 and 5, but Our Offices Will Be Open for Enrolling.
